Intro and background

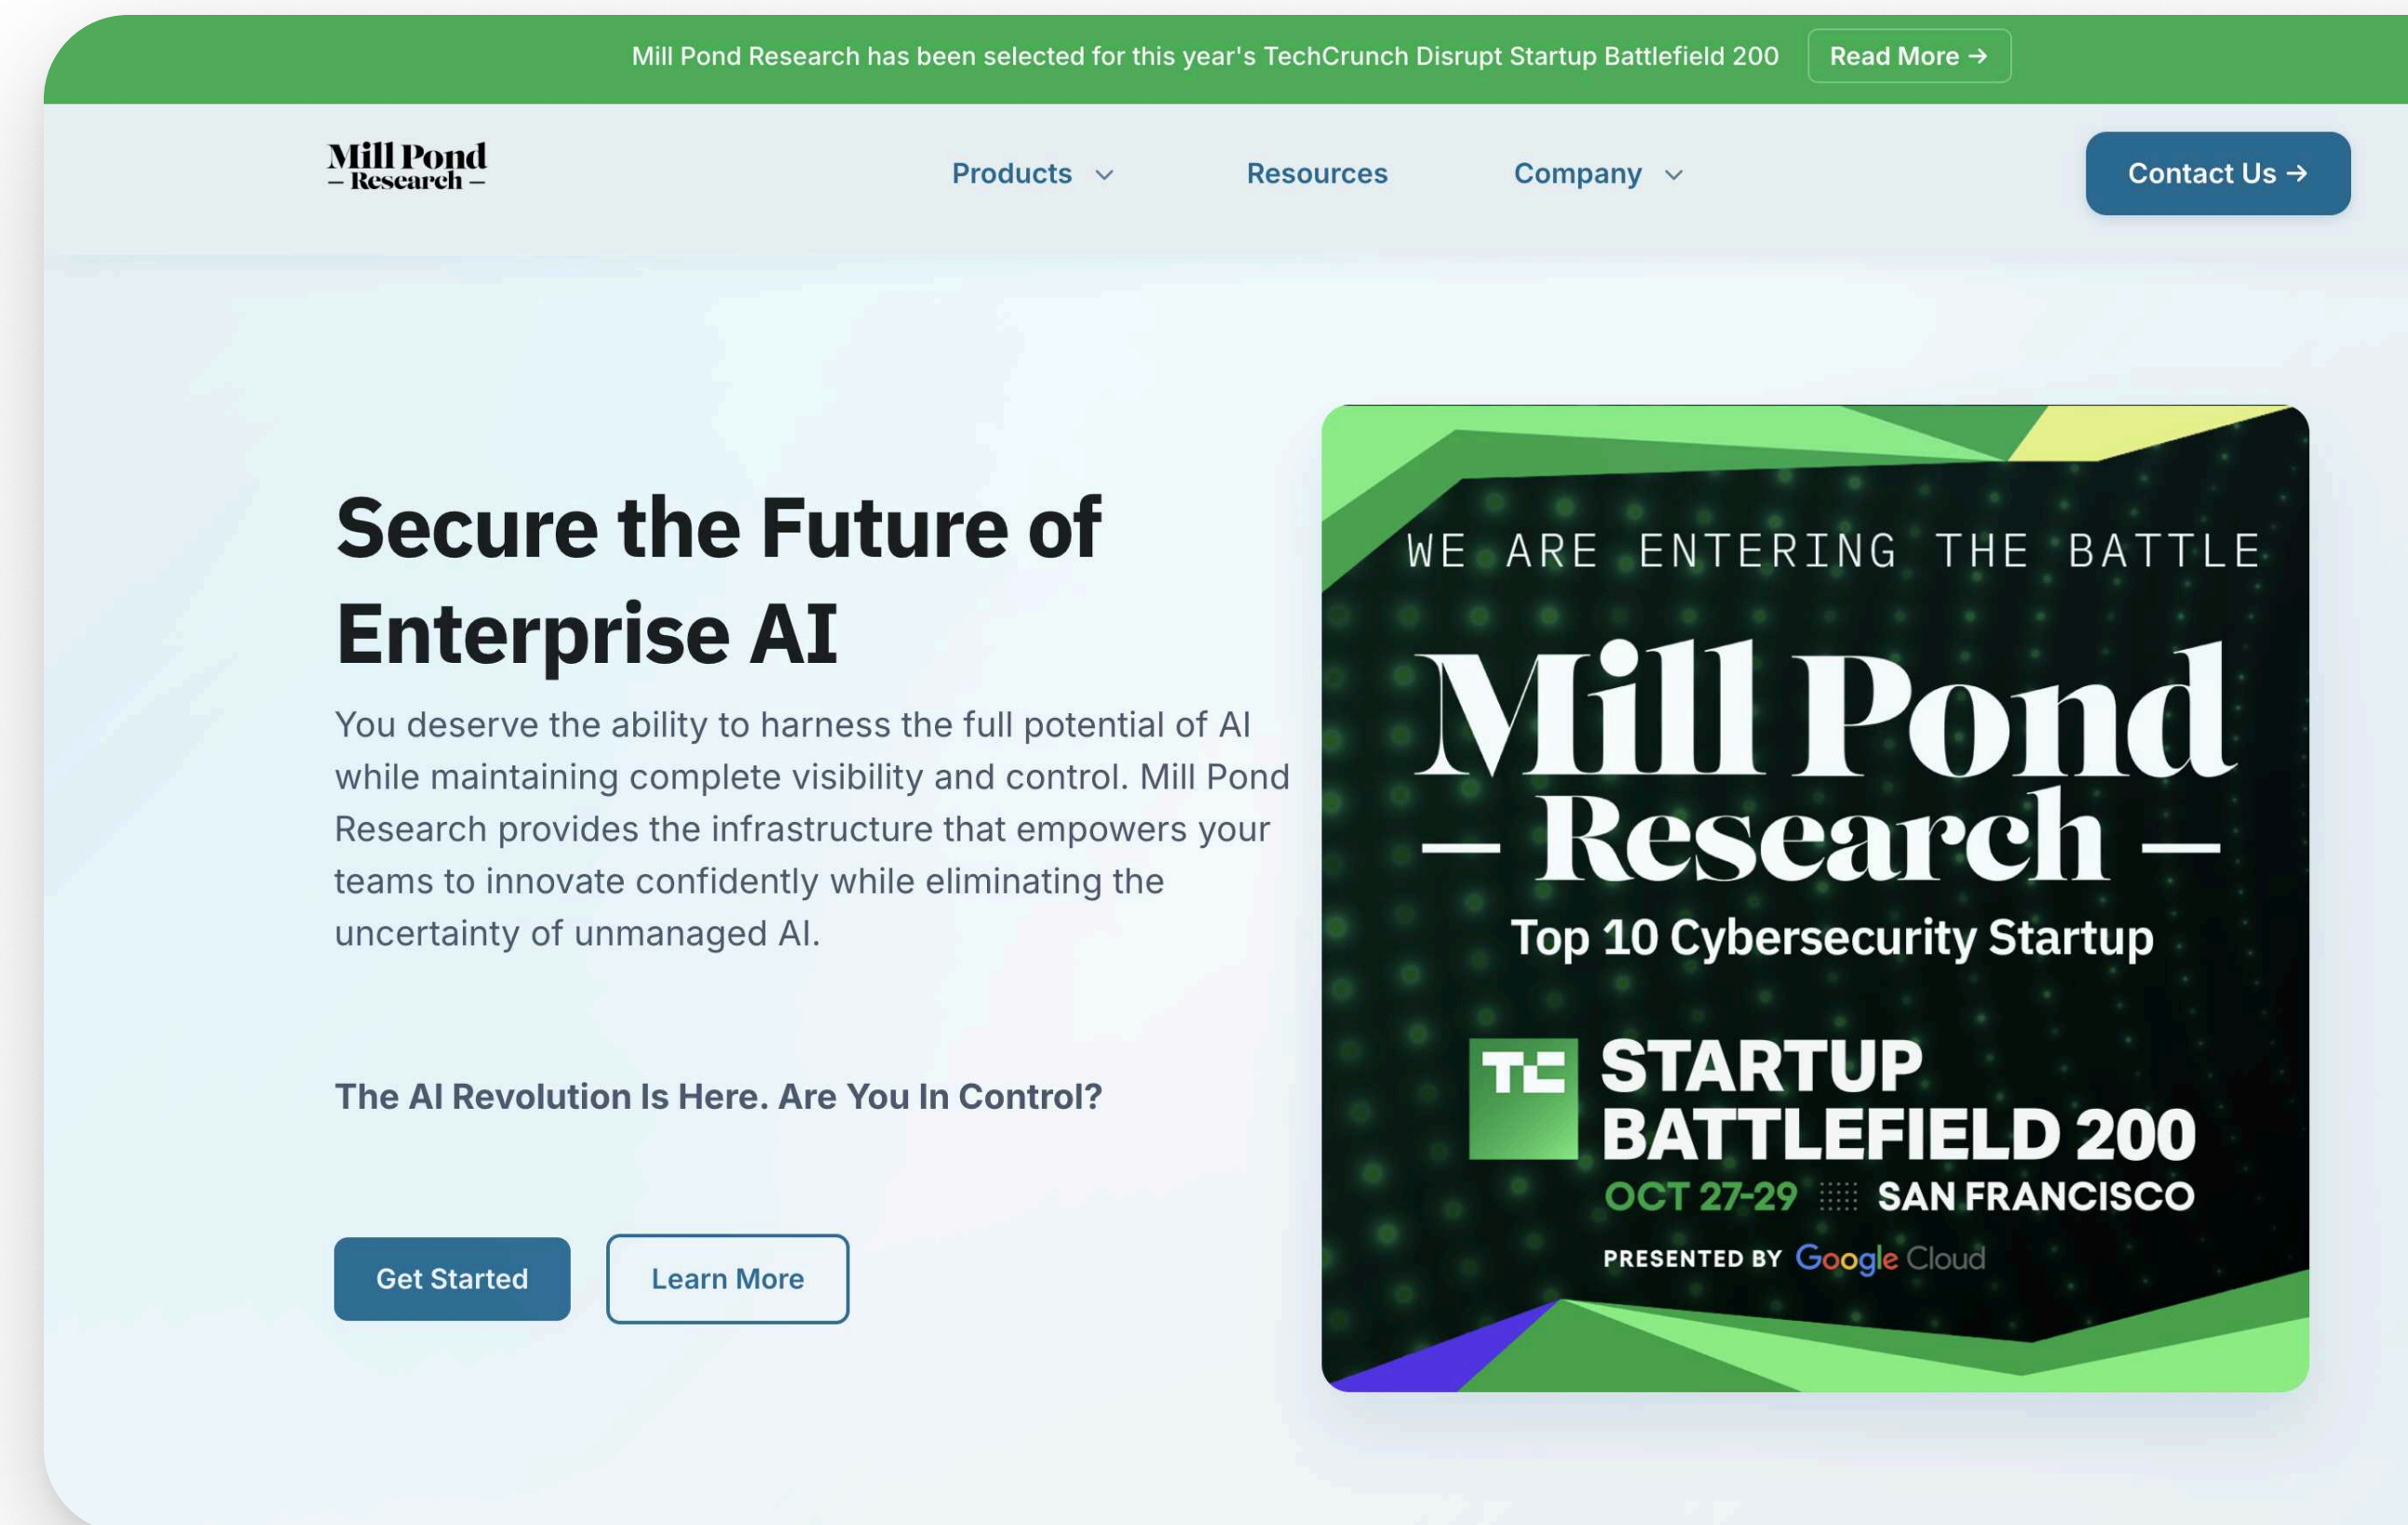

Our Client

Mill Pond Research is an AI governance & security company offering:

- Real-time AI monitoring
- Prompt filtering & protection
- AI orchestration for enterprise

Project Goals

Design a platform experience that communicates credibility, control, and accountability, positioning Mill Pond as the trusted control center for AI governance

Timeline

Weeks 1-2

- Discovery & Research

Weeks 3-4

- Information Architecture & User Journeys
- Wireframes

Weeks 5-6

- High-Fidelity Design

Week 7-9

- Hi-Fi Reiterations & UXE deliverables

What we delivered:

- Brand Kit
- User Journeys and Information Architecture
- Finalized Hi-Fis and full design system
- Layout coding
- Brand Guidelines

Problems

AI governance feels
opaque, confusing and
hard to trust

MPR's value was buried
in dense, technical
language

AI governance is too
general and not tailored
to specific targets

MPR's brand lacked
consistency, strength,
and differentiation

“

How might we **build trust and clarity** around Mill Pond Research's AI governance solutions so that organizations can **easily understand, adopt, and feel confident in their AI oversight?**

”

Research Synthesis

Low Trust in AI Governance

OPPORTUNITY -- clear, human language and visuals

Overwhelming Technical Complexity

OPPORTUNITY -- simple, digestible explanations

Fragmented Visual Identity

OPPORTUNITY -- unified design system

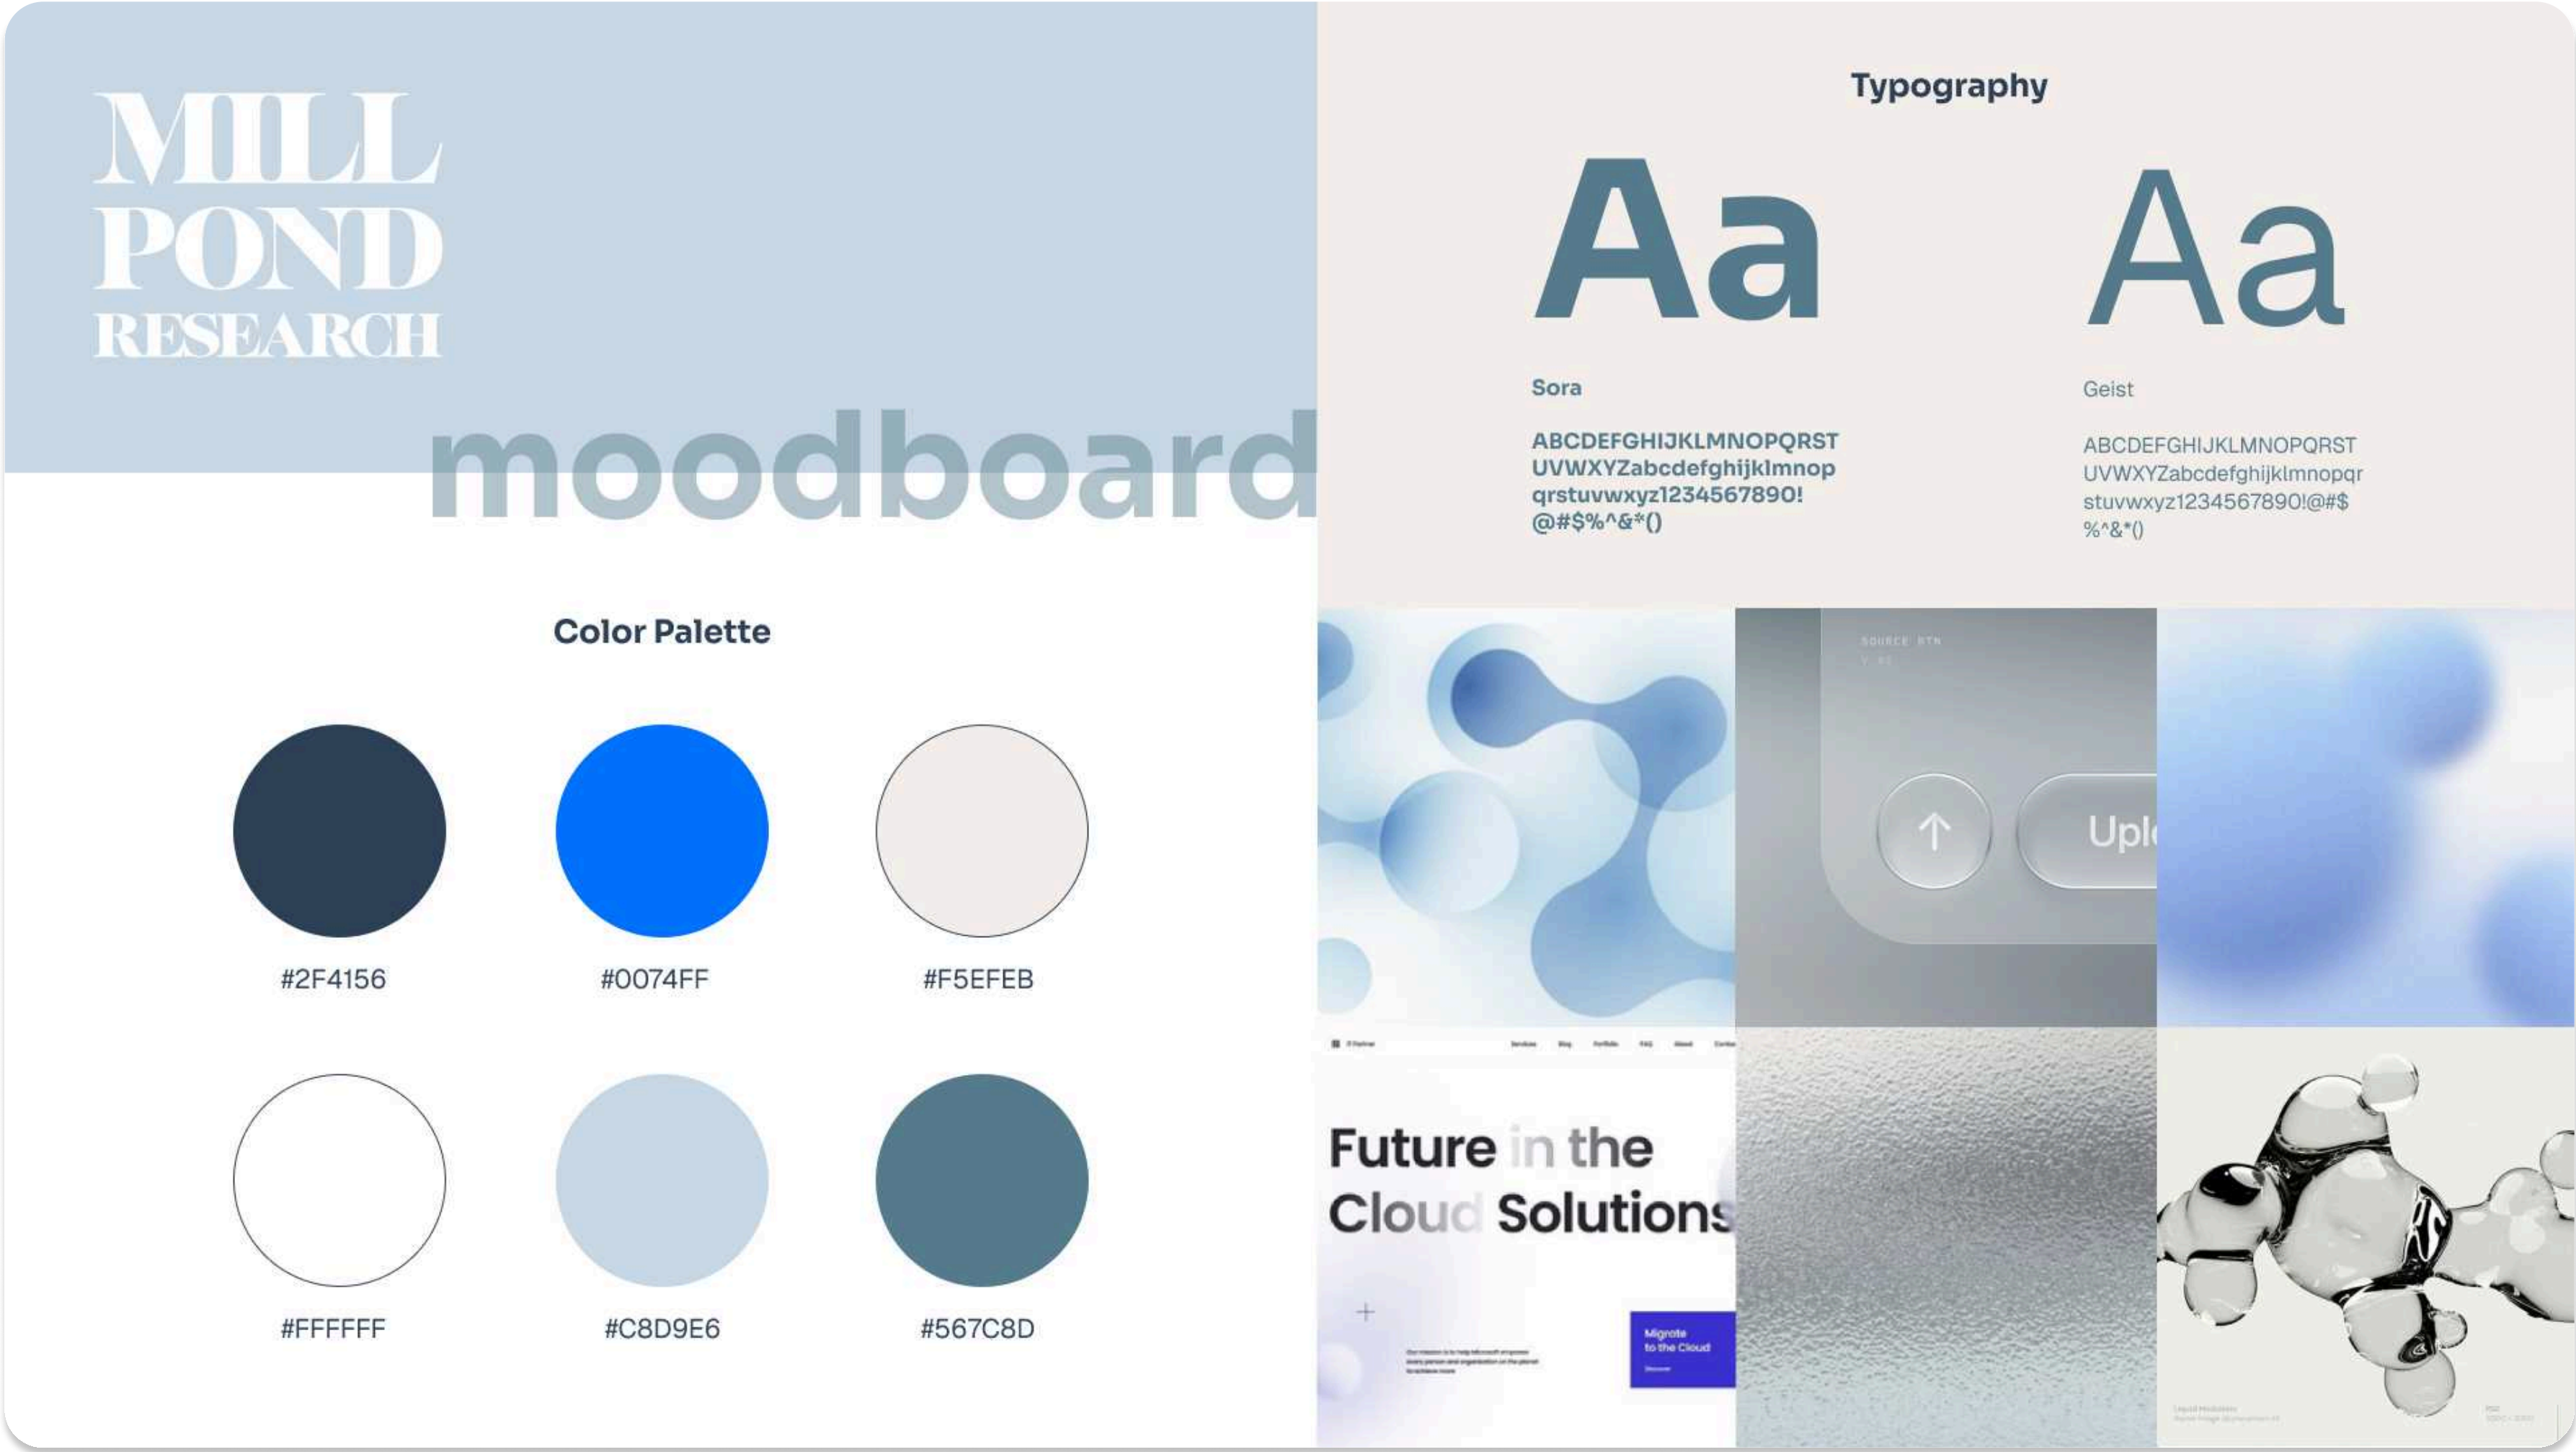

Users Don't Understand the "Why"

OPPORTUNITY -- clearly frame problem before selling solution

Stakeholders Want Clear Proof of Value

OPPORTUNITY -- foreground metrics, and outcomes

Brand Guidelines

LOGOS

WORDMARK PALETTE

Use these color variations of the Mill Pond Research wordmark for different background environments.

Always prioritize readability and contrast.

Do not apply colors outside the approved palette or modify the wordmark's proportions.

Apply a subtle opacity mask on backgrounds if needed to preserve legibility.

LOGOS

WORDMARK SPACING

Use consistent spacing around the Mill Pond Research wordmark to preserve clarity and visual balance.

Maintain clear space equal to the height of the letter "M" in Mill on all sides. This minimum spacing prevents crowding and ensures the wordmark remains legible in every application.

Avoid placing text, graphics, or other elements inside this clear-space area. Never stretch, distort, crop, or alter the wordmark.
